

# Gaz 20" Gen II Gas Burnisher

# POLIVAC

INTELLIGENT CLEANING TECHNOLOGIES.

Gaz 20" Gen II Gas burnisher is an elegant machine designed with latest technology to deliver maximum productivity. Armed with a 50cm pad, this machine is suitable for buffing large areas. Additionally, the overall size of the machine is smaller than other huge machines in the market hence it is easier to manoeuvre. This machine is diligently designed to bring back the shine of original floors and to get that perfect 'wet look'.

### Powerful Honda engine

This machine is designed to provide high productivity per hour. Equipped with a 13hp Honda engine this machine delivers 1500rpm

### Closed Loop Engine Emission Technology

The steady delivery of fuel ensures that CO emissions are minimised and maintained at safe levels which is well below the workplace exposure standard determined by Safe Work Australia of 30 ppm

### Drive Belt

The design of the machine makes easy access to the belt, drive pulley and vac. inlet. No high service labour costs. Longer life. Reduces likelihood of costly repairs.

### Pad Holder

### Operator friendly machine

This fully featured machine is built using ergonomic design suggestions and armed with a dust bag.

### Gaz 20" Gen II Gas Burnisher

### BEST TO USE IN:

- Supermarkets
- Hotels
- Showrooms
- Shopping Malls

### FEATURES:

- 1500 RPM Pad Speed
- Light Weight Construction
- Streamlined Design
- Easy to Maneuver
- Push Button Electric Start
- Improved downward pressure
- Pad pressure adjustment can be done using a Allen key

This machine operates at a noise level of 85 d(B)A. Therefore, hearing protection must always be worn when operating this machine.
