**Designed to be comfortable to use
and lighter than other commercial backpacks,
Koala is built tough for the toughest conditions
for cleaners and tradespeople**

**1100 or 850 watt Domel motor
for 'extra' cleaning power.**

We've given the Koala more power to make a real difference to how thoroughly and how fast Operators can clean.

Value-for-money and feature-packed.

Large capacity dustbag

6 litre capacity keeps Operators on the job longer between bag emptyings.

Less downtime, more activity equals increased productivity equals increased profitability.

**Soft foam harness
for maximum comfort**

Fully adjustable waistband and contoured straps with added back padding.

Suitable and very comfortable for both male and female Operators.

Lead restraint

Protects Operator and machine in the event of lead damage or accidental disconnection. Reduces downtime.

Ultra-tough body

Koala's indestructible rotationally moulded body is built to last under the toughest commercial cleaning conditions – no cracking, no distortion.

* Some units made in Australia.
Others are imported

**Over 120 Distributors
in Australia, New Zealand
and worldwide**

Every Polivac product is backed by a national and international network, so you can be confident of service, repairs or parts supply being turned around ...fast!
