Please see back for Features
and Technical Specifications.

The Shark has been specifically designed to get into those awkward places - under shelves and low fixtures that ordinary machines cant reach.

The Sharks' unique 72.5 cm long nose, long reach, 14.5 cm low profile design is ideal for those awkward stripping and scrubbing jobs under gondolas, checkouts and other fixtures in supermarkets, commercial kitchens and warehouses.

Now, these once highly labour-intensive and costly scrubbing or stripping jobs can be completed in a fraction of the time.

Click, snap! ...and its done

The quick release Tynex brush snaps on and off easily.

No stress, no fuss – brushes or pads can be changed in just a few seconds.

So easy to control and adjust, so much easier on you

Effort and fatigue are greatly reduced through the Shark's combination of ergonomic handle, overall balance and fully height adjustable with the ratchet lever to suit any height Operator, the Shark makes awkward area scrubbing or stripping a breeze.

Over 120 Distributors in Australia, New Zealand and worldwide

Every Polivac product is backed by a national and international network, so you can be confident of service, repairs or parts supply being turned around ...fast!

Scrubs up looking good

The Shark's sturdy steel base is powder-coated to make it easier than ever to wipe down – looks as good as it cleans!

The full wrap-around bumper completely protects walls and fittings from accidental impact ...and the machine from scrapes and scratches.

Non-marking too!
